**JUNE 15 & 16, 2022**  
HOUSTON, TX

SEMINAR 

## About the Clean Energy Seminar

The race is on to achieve net-zero emissions by 2050. Clean energy is gathering speed and industries are rapidly shifting their focus to new markets.

Robotics for I&M are poised to play a significant role in the transition to clean energy, helping to improve efficiency, reduce costs, and increase safety and productivity.

The SPRINT Robotics North American Chapter is pleased to invite you to the upcoming Clean Energy Seminar in Houston, Texas, to be held on June 15 & 16, 2022.

The event will be in-person and include a dinner on the evening of June 15th.

The program includes presentations by asset owners/operators, OEMs, and technology and service providers, as well as two panel sessions.
