

# ROADSHOWS 2022

**NORTH AMERICA | ASIA-PACIFIC**

**OCTOBER 17 – 21, 2022**  
GULF COAST, USA

**NOVEMBER 7 - 11, 2022**  
MALAYSIA

## Announcing SPRINT Robotics Roadshow dates for 2022

The SPRINT Robotics Roadshows are back! After a long hiatus, we are pleased to announce two new roadshows in 2022. The North American Roadshow will kick off in October followed by the Asia-Pacific region Roadshow in November.

One of SPRINT Robotics' most popular initiatives, the roadshows bring digital and robotic technologies to the doorstep of end users. Showcase your products and services directly to end users and increase brand awareness of your robotic solutions. SPRINT Robotics provides full organizational support in the planning and execution of all roadshows.

### SPRINT Robotics North American Roadshow – Gulf Coast

October 17 – 21, 2022

<b>October 17</b>	<b>Chevron Pascagoula MS Refinery</b> (Pascagoula, MS)

## Direct platform for engagement

The interactive format of showcasing technology provides a direct platform for engagement for end users and technology suppliers. The hosts see first-hand a wide range of technologies, while participants can receive direct feedback on the potential uses and applications of their technologies.

## Benefits

- A unique initiative to bring digital and robotic technologies to the doorstep of end users
- Interactive format provides a direct platform for engagement
- Encourage discussion about specific I&M challenges
- Reach thousands of people that can potentially benefit from the use of robotics
- Roadshow approach is flexible and efficient, providing a convenient solution for host companies
- Create awareness about the progress of I&M Robotics in terms of safety and productivity
- Technology suppliers gain major exposure to asset owners
- Short and compact timeframe
