

SRLA LAUNCH

LATIN AMERICAN REGIONAL CHAPTER

JUNE 28-29, 2023 | RIO DE JANEIRO

Latin American Regional Chapter Launch

We are thrilled to announce the establishment of the SPRINT Robotics Latin American Regional Chapter (SRLA) in 2023! The addition of this new region reinforces SPRINT Robotics' objective to increase global acceptance and use of robotics for inspection and maintenance.

The SRLA launch will take place over two days at the Petrobras Cenpes Convention Center. On the first day, various meetings and the official launch of the chapter will be celebrated, followed by the Networking Dinner at Fogo de Chão, a renowned Brazilian restaurant which overlooks Botafogo Bay. On the second day, a seminar with presentations is planned and an exhibition with robotic solutions from around the world.

SRLA Chapter Launch Program

DAY 1 – JUNE 28

Petrobras Cenpes Convention Center
8:30 AM – 5:30 PM

- Introduction of SPRINT Robotics
- Asset owner and robotic vendor meetings including Industry Speed Dating
- SRLA Regional Chapter meeting & Official Launch ceremony

NETWORKING DINNER

About SPRINT Robotics

The SPRINT Robotics Collaborative is an industry-driven initiative that promotes the development, availability and application of Inspection & Maintenance Robotics around the world. SPRINT Robotics is a not-for-profit organization and has become an internationally recognized platform for I&M Robotics with a support base of more than 100 organizations globally. We connect end users with service and technology providers, creating the engine for acceleration in the realization of our vision.
